JOTA 2001 Report

posted by wpeloqui on Monday October 22, @06:08AM
from the special-events dept.

John Hoge W3JHH writes "We opened up the Carroll County Amateur Radio Club Station K3PZN this past weekend to host scouts for the Jamboree on the Air. Our non-licensed visitors included 18 Cub and Boy Scouts, a Girl Scout, and 8 scout leaders and parents. Several of the boys earned or made progress on Radio Merit Badge. Some left with study material for licenses.

Flags Across America

posted by wpeloqui on Monday October 22, @06:06AM
from the special-events dept.

km5yl writes "Flags Across America needs ham operators to help with communications along their route. This is a good way to provide public service and be patriotic at the same time. The runners started in Boston on October 11, and will end up in Los Angeles on Veteran's Day, Nov.11. They will be carrying the United States. The following is the website address. You can go in and see where you might be able to help. <http://www.flagrun.org> Tnx, Carolyn KM5YL"

Salvation Army SATERN Radio Ops in NYC for WTC Disaster

posted by wpeloqui on Sunday October 21, @02:32AM
from the Emergency-Services dept.

Steve & Kim Merrill writes "Salvation Army SATERN Radio Ops in NYC for WTC Disaster

By Steven W. Merrill KB1DIG & Kimberly L. Merrill KB1GTR

October 7th, 2001 Through October 18th, 2001

A personal overview of our experiences

We arrived at Salvation Army Headquarters in Lower Manhattan on Sunday, October 7th, at 4pm. (On Steve's Birthday) We walked into the building and went right to work. Jeff Schneller (N2HPO) from The Salvation Army (TSA) SATERN Radio Operations greeted us.

STARSHINE 3 TELEMETRY REPORTS REQUESTED

posted by wpeloqui on Friday October 19, @01:15PM
from the space-operation dept.

Project Starshine is currently seeking volunteer amateur radio operators and students worldwide to monitor and report telemetry from the Starshine 3 satellite. Science data supporting an experimental solar cell experiment mounted on the surface of the satellite is being downlinked in a manner that allows students and radio amateurs to participate in collecting the data. Starshine 3 transmits 9600 bps AX.25 packet telemetry at 145.825 MHz every 2 minutes. An attractive QSL card is available to all those reporting telemetry to Project Starshine.

CQ Asks Contesters to Email All Logs

posted by wpeloqui on Friday October 19, @12:13PM
from the ARRL-Reports dept.

From the ARRL...

CQ magazine is asking all participants in CQ -sponsored Amateur Radio contests to submit their logs electronically. "In light of recent events regarding hazardous items sent through the mail, logs received through the mail at the CQ offices will be held unopened until all potential health risks have been evaluated," a CQ Communications news release said. CQ said it cannot guarantee that logs submitted via the US Postal Service will be opened.

ISS Crew Chief May Be On The Air For JOTA

posted by wpeloqui on Friday October 19, @12:09PM
from the ARRL-Reports dept.

From the ARRL...

International Space Station Expedition 3 Crew Commander Frank Culbertson, KD5OPQ, says he hopes to be on the air October 20-21 from NAISS during Scouting's annual Jamboree On The Air. Stations not participating in JOTA are requested to give preference to Scouting/JOTA stations attempting to contact NAISS.
